

Timeline 2016 forward

2

1 Winter quarter 2016

4 Next steps for current projects?

- Brachiopod regional diversification
- Mammal trait occurrence ratio

2 Spring quarter 2016

8 TAing

- Hopefully Dimitry Kondrashov's Biological Modeling class.
- Otherwise try to snag something in Greg and Stefano's new E&E class

Evolution (June 17-21 Austin Texas):

- Present on which project? Ernst Myer talk.
- Meet people to talk post-doc opportunities. Suggestions?

14 Committee meeting:

- What are the goals between now and then?
- What should I have written (and sent to MORE people than just Ken or Michael)?

3 Summer quarter 2016

Finishing and post-doc applications

- Am I finishing in 2017?
- Do I plan for a 6th year?
- Post-doc where and with whom?

4 Fall quarter 2016

- 24 Many post-doc applications due
GSA September 25-28 Denver Colorado
- 26 • Present on which project?
SVP October 26-29 Salt Lake City Utah
- 28 • Do I need to go?
• What would I present? Romer talk.
- 30 Committee meeting:
• What are the goals between now and then?

32 5 Beyond

- Finishing my dissertation
- 34 • What projects are “in”?
