

Timeline Spring 2016 forward

2

1 Spring 2016 (current quarter)

4 TAing

- Kondrashov's Quantitative Modeling for Biology.
- The kind of class I would probably teach.

Evolution 2016

- Mammal ecotype occurrence project.
- Opportunity to build my "brand."

10 2 Summer 2016

Post-doc applications

- Write research statement.
- Gather letters of recommendation.

14 3 Fall 2016

Post-doc applications

- Miller Fellowship
- Michigan Fellowship
- Smithsonian Fellowship
- NIMBioS Fellowship

20 Conferences

- GSA
- SVP

4 Winter 2017

24 Dissertation

- 26 • Meet with Dissertation Office to go over formatting. I have a \LaTeX template already.
- 28 • Apply to graduate in Spring quarter? Must decide by first week of that quarter.
- Pretty much has to be completely written by this point.

30 5 Spring 2017

Dissertation

- 32 • Supposed to get draft of dissertation to entire committee by end of first week of final quarter.
- 34 • Need to email Chair to request approval of committee, advisors, and defense date.
- 36 • Defend? Has to take place around 2nd week of quarter.
- Need to submit final dissertation by 5th week of quarter.

38 6 Summer 2017

Dissertation?

- 40 • If not in spring, then summer.
- All of the above still applies.
